LEATHERS CATEGORY I

Dyneema® Bonded Leather - Hyperlapse is luxurious ECCO Leather combined with the unprecedented strength of Dyneema®, the strongest fiber in the world. A super strong, paper-thin leather that lasts.

black

grey

cream

Italian Horse leather (horsebutt)
vintage lux with a very vivid structure,
that is suedish in some parts and shiny in other parts
Color: bueish black

Avantgardener made by ECCO leather
A leather with a lot of natural structure
highlited through a wax spray top layer,
giving the surface a beautiful patina that
will change over time.
Color: black with a "patina" greenish wax finish
that will faint out over time

LEATHERS CATEGORY II

Italian suedes

sand waxed suede

hairy grey

greyblue spiderweb

Classic German nubuk leather
with a natural full grain structure
Color: black
